## Statistics in Business Course Syllabus

Statistics is the science that deals with the (a) collection, (b) description, (c) analysis, (d) interpretation, and (e) presentation of data. Statistics can be used to describe a particular data set (termed descriptive statistics) as well as to draw conclusions about the population from a particular data set (termed inferential statistics).

### Busn 210, Statistical Analysis with Microsoft Excel Syllabus

- Title: Essentials of Modern Business Statistics with Microsoft Office Excel, 6e. This is an older version of the book, and so you should be able to get an inexpensive version online. You have a full week to buy the textbook as we do not use the textbook during the first week of class.
- Authors: Anderson, Sweeney, Williams
